KISANS OF MAJLIS
AGRICULTURAL SUPPORT

ORGANIC FARMING

Majlis NSS started organic farming in the campus on behalf of NSS Day observation on 23rd September 2021 to make the people understand and conceive an organic way of life with a strong message “back to nature”. If students actively learn about organic farming, they grow up with a vision of a greener planet. This will help to produce better leaders, better businessmen, and better engineers who are far more intelligent and sensitive towards the exploitation of the earth.

College principal Dr. Muhammedali inaugurated the farm by planting seeds. Vice Principal Prof. Soopy and College director Dr.Safeer Athekkanadan were present. Programme officers Mr. Sameerali E.K and Sunesh Parayil led the programme. Organic farming reduces human and animal health hazards by reducing the level of residues in the product. It reduces the cost of agricultural production and also improves soil health. It ensures the health of soil, water, air and flora and fauna. Also reduces the major environmental issues like soil erosion, air pollution, water pollution etc. All NSS volunteers started the farming at their home conveying a message that organic farming minimizes the use of pesticides and chemicals thereby reducing the major environmental issues and it helps in keeping agricultural production at a sustainable level.

HOME VEGETABLE GARDEN

Consuming more fresh fruits and vegetables is one of the most important things one can do to stay healthy. When we pick vegetables right from our garden, the vitamin content will be at its highest. Also, we are reducing the risk of eating vegetables that contain harmful chemicals. To impart this message to the society, the NSS volunteers set up vegetable gardens in their home by the guidelines of the environment enrichment programme and shared the vegetables to the poor and needy villagers, who were jobless during the second phase of Lockdown.

BIOFERTILIZER CUM BIOPESTICIDE GIVING OUT

Biofertilizers are a technological innovation that has the potential to increase crop yield, reduce production cost and improve soil conditions. Biofertilizers are inexpensive to farmers because of low cost and their ability to help improve soil structure, texture and water holding capacity. PG department of Microbiology developed a biofertilizer cum biopesticide product namely “Pencifert” in the laboratory using *Penicillium citrinum* fungus. They could distribute a quantity of 50 packets of product, 500 gm each to the farmers in the adopted village of Edayoor panchayath. The trained students practiced the farmers on the right usage and application of fertilizer to the soil.

Biofertilizer Distribution to farmer

ORGANIC FARMING-2017

Majlis NSS started organic farming in the campus on behalf of soil day on 05th December 2017 to make the people understand and conceive an organic way of life with a strong message “back to nature”. If students actively learn about organic farming, they grow up with a vision of a greener planet. This will help to produce better leaders, better businessmen, and better engineers who are far more intelligent and sensitive towards the exploitation of the earth.

Assistant Professor of the Department of Hindi, Mr. Lembodharan Pillai inaugurated the programme. HOD of Malayalam Mrs. Sheeja V.K assisted the students in farming. Programme officers Mr. Muhammed Iqbal and Musthafa P led the programme. Organic farming reduces human and animal health hazards by reducing the level of residues in the product. It reduces the cost of agricultural production and also improves soil health. It ensures the health of soil, water, air and flora and fauna. Also reduces the major environmental issues like soil erosion, air pollution, water pollution etc. All NSS volunteers started the farming at their home conveying a message that organic farming minimizes the use of pesticides and chemicals thereby reducing the major environmental issues and it helps in keeping agricultural production at a sustainable level

SEED PLANTING

BIO SEED – A BIOLOGICAL SEED TREATMENT AND ITS FIELD TRIALS

Seed inoculation has been considered as a precise and cost-effective method to deliver microbial inoculants with the potential for large -scale production. Seed coating has been proposed as a promising tool for inoculation of different crop seeds. Microbial application improve both productivity and heath of crops. Seed treatment protects the germinating seedlings form seed-born pathogens. With the aim of this PG Department of Microbiology develop Bio Seed – seed coated with biocontrol agent *Pseudomonas* and invitro field trials were conducted in the adopted village

Bio-seeds application to pot by Principal

WATER & ENERGY CONSERVATION

GREEN SUPPORT

SOLID WASTE MANAGEMENT - INSTALLATION OF PIPE COMPOST

Composting is an important part of waste management since food and other compostable material make about 20% of waste in landfill and these materials take longer to biodegrade in the landfill. Pipe composting is a type of Vermi composting often called wormtube composting carried out within a PVC tube. It reduces the use of chemical fertilizer and retains soil moisture and suppresses plant disease and pests. PG department of microbiology initiated undertaking towards successful waste management by installing the pipe compost sponsored by MASC in the college and various houses situated in the Edayoor Panchayath on. Vice president of the Edayoor Panchayath Mr.Moideenkutty inaugurated the programme. Principal Dr.P.Mohamedali installed the pipe compost at college and Member of the Edayoor Panchayath Mr.Ameer installed the venture at houses of Mr.Kunjippa.

Pipe Compost Installation in Campus On 2/3/2020

Pipe compost Implementation in adopted village

AWARENESS ON SOLID WASTE MANAGEMENT USING MICRO-ORGANISMS

Management of solid waste improved quality of life. Microorganisms have been invaluable in finding solutions for several problems mankind has encountered in maintaining the quality of the environment. Microbial technologies have successfully been applied to a wide range of environmental problems such as waste management issues. PG Department of Microbiology practiced degradation of Napkin, Diaper, E waste and fruit waste using microorganism isolated from three different soil. Awareness program on “Waste management”, utilization of organic waste, composting of waste material and organic farming practices was conducted for kudumbasree unit of Edayoor Panchayath.

Awareness on waste management at households level on 10/12/2019

AWARENESS ON IMPORTANCE OF WATER QUALITY TEST

Water quality is one of the most important factors in a healthy ecosystem. Clean water supports a diversity of plants and wildlife. Microorganisms in drinking water are responsible for most waterborne disease outbreaks. They are the most common disease-causing contaminant in private well water. PG department of Microbiology collected 20 well water samples from the adopted village. The main objective of the programme was awareness on biological drinking quality of water.

HIDDEN TALENTS OF STUDENTS FOR INNOVATING VALUE ADDED COCONUT PRODUCT

The poster is for a competition organized by the Mahatma Gandhi National Council of Rural Education (MGNCRE), formerly the National Council of Rural Institutes, under the Department of Higher Education, Ministry of Education, Government of India. It is part of the Azadi Ka Amrit Mahotsav (15th August - 2nd October 2021) and the PM Formalisation of Micro Food Processing Enterprises Scheme (PM FME). The competition is for Rural Entrepreneurship Development Cells (REDC) on Branding and Promotion of Rural Products, specifically for the One District One Product Program. The poster includes a central logo for Azadi Ka Amrit Mahotsav and several images showing rural products and people. Below the main title, there are guidelines for participants:

- Identify product of your district from PM FME Scheme One District One Product approved list.
- Formulate a marketing strategy that helps to boost product sales.
- Take a snapshot of the production unit and post it in social media with a brief note and hashtag (#mgncre) on or before 2nd October 2021. Best 3 Entries from each RED Cell will be awarded.

For more details on One District One Product Program: <https://mfpe.nic.in/pmjme/one-district-one-product>

In association with MGNCRE, Govt of India- One district One Product Coconut product exhibition, PG Department of Microbiology developed a coconut and Spices mixed hot drink Namely “Jis Chai” .This product is having health benefits as coconut is highly nutritious a rich anti-oxidant and ginger added with coconut helps to treat cough related issues in throat, which is a common problem of covid affected patients. It was sold to people living near the village at low price.

COMPARISON THE QUALITY OF WATER FROM BORE WELLS AND OPEN WELLS

Elements such as copper, iron, calcium, magnesium, and many more contribute to various biological processes such as oxygen transport, enzymatic catalysis, DNA synthesis, and cell maturation. The most abundant source of these elements is water. With the Aim of this the students of the chemistry department collected water samples from Bore wells and Open wells from the adopted village in Edayur panchayath and compared the presence of certain ions in them. Certain ions such as Calcium and Iron were found to be higher in Bore wells than in open wells. Some suggestions on the better usage of bore well water were provided to the users in consultation with Mr. Sajesh, Quality controller of Kerala water authority.

SOLID WASTE MANAGEMENT

PREPARATION OF ADHESIVE FROM THEMOCOL

Solid waste is a major issue in current scenario. Thermocol is one of the products used for packaging and it is solid waste, which is non degradable in soil. As a remedy post graduate department decided to reduce the volume by converting thermocol in to strong adhesive and other useful products. PG Department of Chemistry was gave a training on making gum using thermocol and petrol to the villagers of Edayoor Panchayath.

Students making gum from thermocol using petrol

Gum preparation from thermocol

AWARENESS PROGRAMME ON “FLOOD RELATED WATER BORN DISEASES”

Poor sanitation and unhygienic water consumption leads huge burden of water borne illnesses such as diarrheal disease, cholera, typhoid etc. Approximately 88% of diarrheal diseases are attributed to unsafe water supply, inadequate sanitation and hygiene. The objectives of the programme was to identify the existing knowledge regarding prevention of water borne diseases and to find association between level of knowledge on water borne diseases and selected socio demographic variables. With the Aim of this PG Department of Microbiology conducted an awareness programme on Flood related water born disease to local people in the Edayoor Panchayath

Awareness on Water borne diseases

INTERNATIONAL DAY FOR PLASTIC BAG FREE

Maintaining cleanliness is the essential part of healthy living because it is the cleanliness only which helps to improve the personality by keeping clean externally and internally. Plastic is the main object which makes our environment unclean. Majlis NSS observed International Day for Plastic Free on 3rd July 2021 as a part of Ullarinju 2.0 programme. The programme helped to convey the message to reduce the usage of plastic and to create awareness about the threat caused by plastic pollution to the natural environment.

Brochure

ENVIRONMENT DAY OBSERVATION

On 5th June 2020, the NSS volunteers of the college observed the World Environment Day by planting trees in their own home and village to spread awareness about the threat to the environment due to rising pollution levels and climate change. Due to the Coronavirus Pandemic, the NSS unit decided to celebrate it virtually (over social media) The photos of planted trees were uploaded in social media to encourage awareness and environmental protection. All volunteers became a part of the programme by planting tree saplings. 110 Volunteers participated.

Planting Snaps

Paravalkkorku thanneer kudam

To convey a message that the birds and animals are also a part of our society, the NSS conducted a special program in the month of April 2021 for the creatures in nature. When all activities of turned in to online mode due to Covid 19 pandemic, the team NSS organized a program Paravakalkkorku thanneer kudam, (a water jug for the birds) that everyone could do at home for the creatures that burn in the summer heat, one can set aside water for the creatures in the surroundings of the house and set a model for others. The pictures of the water jug were shared through social media.

A water feeder for birds -Snaps

ENVIRONMENTAL AWARENESS

EDUCATE YOURSELF AND THOSE AROUND

Environmental education has an effective role in creating healthy awareness and preparing suitable environment for the development and maintenance of human minds. As part of world Environmental Day PG Department of Microbiology planted 100 saplings in the Edayoor panchayath

Value added product

Planting saplings

ENVIRONMENT DAY CELEBRATION

Majlis NSS units celebrated World Environment Day on the title “*Connecting People to Nature*” on 5th June 2017 by planting trees. The programme aims to generate awareness about the significance of nature. The day is celebrated to let people know the value and importance of nature and remind them that the environment should be taken care of. College Principal Dr. A Abdu Rahiman inaugurated the programme by planting a mango tree sapling in the campus. All volunteers take part of the programme by planting tree saplings in their home and villages.

Planting snaps at college

ENVIRONMENT ENRICHMENT PROGRAMME.

On 5th June 2016 Majlis NSS and Victory Club Thiruvegappura jointly conducted an awareness and tree plantation program at Kodumudi of Thiruvegappura Panchayath. College Principal Dr. Abdurahiman inaugurated the programme. College Director Prof. P Moideenkutty, Grama Panchayath Vice President Vasudevan, Victory club secretary Mr. Althaf felicitated over the programme. All Volunteers planted saplings in their home and nearby village.

Plant sapling image

ANTI - PLASTIC CAMPAIGN.

On 3rd July 2016 College NSS Units and Rotary Club of Valanchery jointly conducted a program Plastic Free Valanchery on behalf of Anti Plastic Day. As a part of this programme, NSS volunteers cleaned college campus and Valanchery town under the leadership of programme officers Mr. Musthafa and Muhammed Iqbal. Rotary club President Mr. Madusoodanan, Program Officer Mr. P Musthafa, NSS Volunteer Secretary Mr. Femil led the programme.

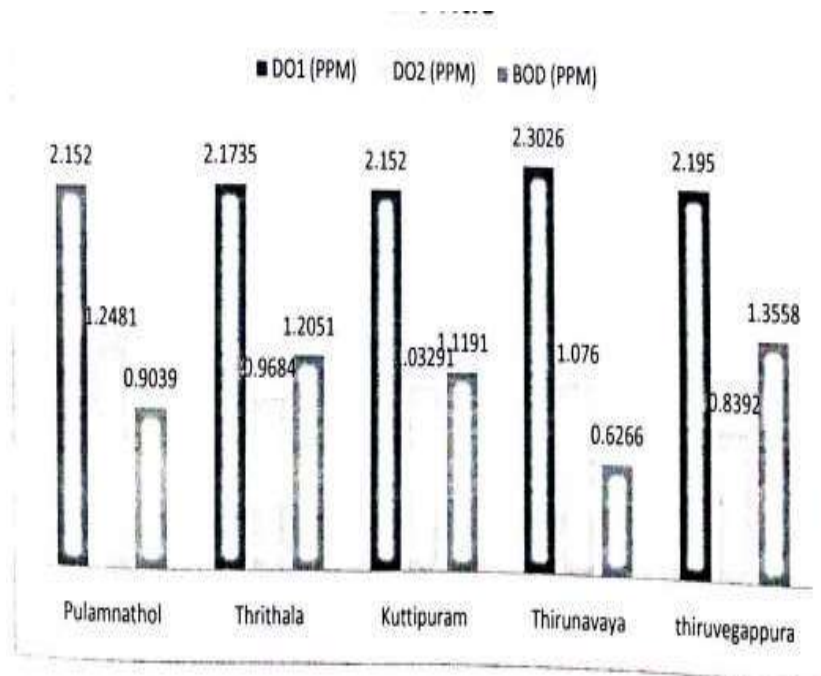

Cleaning campus

WATER QUALITY TESTING

Department of Chemistry, Majlis Arts and Science College, Puramannur analysed the B.O.D and D.O content of different water samples collected from five places in Bharathapuzha namely Pulamanthole, Thrithala, Kuttipuram, Thirunavaya and Thiruvegappura. From the analysis, it is evident that the most polluted area is Thiruvegappura. Also high value of B.O.D at Thiruvegappura indicates that the area is more contaminated. The least polluted area is at Thirunavaya which is evident from its high D.O and low B.O.D value. It is found that all the water samples are highly polluted as per the D.O and B.O.D values

Consolidated result of the water testing

WORLD SOIL DAY - TREE PLANTATION

Majlis NSS observed World soil Day on 5th December 2021 to focus attention on the importance of healthy soil and to advocate for the sustainable management of soil resources. All volunteers extended the observation by planting tree saplings in their home and village. They conveyed by this programme that the soil is the storage place for water and the nitrogen and minerals dissolved in water, which are needed by the tree to live and grow. The soil also provides a base for the tree to attach itself firmly in place. 94 volunteers planted saplings.

Day Observation

CLEANING OF WATER CHANNEL

On behalf of seven-day residential camp of the year 2021 *Ranthl 2k21* the team NSS cleaned a water channel in Moorkkanad road, Vengad in 14th ward of Moorkkanad Panchayat. The camp was held from 25th to 31st December 2021 in TRK UP School, Vengad. The main project of the seven-day camp was cleaning of the proposed water channel. 92 volunteers participated in the camp. The Seven Day Camp was inaugurated by Sri. A P. Sabah, the member of district Panchayat, Malappuram. A proclamation rally was conducted in Vengad town prior to the inaugural function. College Principal Dr. Muhammadali presided over the function. Programme Officer Mr. Sunesh Parayil delivered the welcome speech. Sri. Subhash Master, Head master, TRK UP School, Srmt. Jayasree Teacher, Member of ward 15, Sri. Abbas V.K, Member of ward 14, College director Dr. Safeer Athekkadan, The chairman of College Governing body Sri Saleem Kuruvambalam felicitated. Programme Officer Mr. Sameerali EK explained the camp project and activities

Programme Inauguration

Cleaning of Water canal-25/12/2021-31/12/2021

CHECK DAM CONSTRUCTION

After completing the cleaning process in the water channel, the volunteers constructed a check dam using sand filled sacs on 29th December 2021. The check dam helped to control water velocity, conserve soil, and improve land. Also it was very helpful to farmers for their agricultural purposes and recharging of nearby wells. 92 volunteers participated in the construction project.

RIVER CLEANING

Volunteers of National Service Scheme Cleaned BharathaPuzha River, which otherwise called Kutippuram Puzha Bharathappuzha, also known as the Nila or Ponnani River, or Kuttippuram River, is a river in India in the state of Kerala. With a length of 209 km, it is the second longest river that flows through Kerala. Bharathappuzha is the nearest river for Majlis college, and it is the prime source of the water distribution system in the campus. It is our duty to protect rivers as it is the veins of our mother earth. 75 volunteers participated in the cleaning programme headed by programme coordinators.

River cleaning

COLLECTIVE WORKS IN THE ADOPTED VILLAGE.

On behalf of Seven Day residential special Camp of the year 2019, a water channel was cleaned and a check dam built in the stream in 7th ward of Edayur Panchayat. Two roads were rebuilt and an agriculture purpose road was constructed in the camp period.

The camp was held from 23rd to 29th December 2019 at KMUP School Edayur, Pookkattiri. 87 volunteers participated in the camp. The camp was inaugurated by Sri. Rajiv Master, President of Edayur Grama Panchayat. College Principal Dr. P Mohammedali presided over the function. Program officers Mr. Sameerali E.K delivered welcome speech and Mr. Sunesh Parayil explained the camp activities and motto. College director Dr. Safeer Athekkadan, Member of ward 11 Mr. Musthafa, PTA Vice President Mr. Abdul Kareem addressed the gathering. Volunteer Secretary Ms. Hiba Jefa proposed the vote of thanks.

College director Dr. Safeer Athekkadan descended the flag on 29th December in the valedictory function. Camp leader Mr. Muhammed Fasil explained the camp experience. KMUP School Head Mistress Srimati Vasanthakumari inaugurated the valedictory program.

CLEANING OF WATER CHANNEL

College NSS Units revived a water canal in the seventh ward of Edayur Panchayath for the benefit of the farmers and others who depend on it. On 27december to 29 december 2019 Plastic and other wastes deposited in the canal were removed and the water flow of the canal revived. Also, we made a small bund using sack and sand in the canal, for irrigation purpose to the nearby fields.

Cleaning water channel-Edayoor panchayath on 27/12/2019 to 29/12/2019

PLANTATION OF JACK TREE SAPLING

As part of declaration by the Government of Kerala as jackfruit as the official fruit, jack tree saplings plantation was inaugurated by NSS volunteers in the campus. Programme Officer Mr. Sameerali inaugurated the project. 18 jackfruit saplings were planted in different areas of the adopted village by the volunteers and all volunteers planted saplings in the surroundings of their houses.

Plantation at Campus

ROAD CONSTRUCTION

On behalf of seven-day residential camp of the year 2018, two roads were constructed and two roads rebuilt by the volunteers in 11th ward of Kuttippuram Grama Panchayath. The camp was held from 22nd December to 28th December at Govt. Higher Secondary School, Perassannur. 92 volunteers participated in the camp. The camp was inaugurated by Mrs. Shameela teacher (President, Kuttippuram Grama Panchayath), Principal Dr. P Muhammad Ali presided over the function. Program officer Mr. Iqbal delivered the welcome speech and Mr. Sameerali explained the camp motto. Volunteer secretary Ms. Neelima proposed the vote of thanks.

Road construction on 22/12/2018-28/12/2018

AMBALAM CITY - EDAYUR ROAD RECONSTRUCTION

College NSS units reconstructed Ambalam City to Edayur road which destroyed by the heavy rain and flood in July 2019. The road which is having a length of 2.5KM connects Edayur town with punamchola area of Edayur Panchayath. The activity started on 27 December 2019 to 30

December 2019 which was inaugurated by Panchayath president Mr. Rajeev master. Students cleaned bushes in the road and patched the destroyed road. Natives who uses the road helped students by providing tools and refreshments.

Road construction on 27/12/2019

MOSCOW – TEMPLE ROAD RECONSTRUCTION

Volunteers of National service scheme Units 97 and 172 reconstructed the road which was fractured by heavy rain in the monsoon. The road which connects Moscow town of Kutippuram Panchayath with nearest Vishnu Temple is the only path for both devotees and for those who live in that area. The reconstruction which was planned as part of the seven-day residential camp for National Service Scheme volunteers of the college. The activity got completed by 3 days from 25 to 27 of December 2018. Devotees and people around there opinioned that it will help them as it was too risky to travel by that road and now the hard work of volunteers

PAPER PEN MAKING

To convey the message to reduce the usage of plastic in the society, the NSS volunteers prepared more than 200 paper pens under the leadership of Program officers. Assistant professor of the department of Multimedia and Mass Communication Ms. Neema S Narayanan trained the volunteers. 100 self - made Paper pens were sold out on campus on the same day. The money sold was taken to a house building project. College principal inaugurated the program and declared to replace plastic pens in college store to paper pens prepared by volunteers as a step for making the campus plastic free Apart from this we were able to be a part of State Governments program by making it eco-friendly. The 100 pens were gifted to Calicut University for a program named CM @ CAMPUS organized by state Government in Calicut University. Pens were handed over to NSS Department of the University for this purpose.

Paper pen Workshop

COLLECTING SACKS FOR CHECK DAM

With an aim to provide water facilities, the NSS volunteers of the college built a check dam in adopted village, across the Thootha river, Iyyakkad-Moorkanad using 4000 filled sacks of sand. The dam was very useful to the neighbor regions for their agriculture, drinking and irrigation purpose. In the morning session of 23rd December, the volunteers divided into several groups and they spread in different areas in the village to collect cement bags and sacks to fill the sand with the help of villagers. The village people supported and contributed their part to the project. Volunteers collected more than 4000 sacks from the houses and from the industries.

Check Dam Construction

LED BULB WORKSHOP

We are following a crowd funding method for finding revenue for the programme, Philanthropists, Parents, Alumni and Students contribute to the collection organized every three months. As a next stage to this programme, when the pandemic situation gets over, we are planning to produce LED bulbs, Paper Pens etc with the help of Palliative patients in a medium scale and to market the products promoting Social entrepreneurship of volunteers and help palliative patients be self-reliable in terms of Economy.

Brochure-LED Bulb Workshop On 21/1/2021

MUSHROOM CULTIVATION TRAINING USING RECYCLED PLASTIC BOTTLES

Mushroom cultivation is a viable and attractive for both rural and urban farmers. It can help to reduce vulnerability to poverty and strengthens livelihoods. Mushroom cultivation can also be a way to empower the rural woman, provide additional income for the sustenance of farming families. PG department of Microbiology implemented a mushroom cultivation unit by the name Micro Agro Cum Unit. Janab Saleem Kuruvambalam inaugurated the function. Total quantity of 20.5 Kg of mushrooms produce in three months. It was sold to people living near the college at reduced price. With an aim to develop entrepreneurial skills among the women of the adopted village, department organized two-day mushroom cultivation training to Kudumbasree unit of Edayoor Panchayath.

Mushroom Cultivation Training on 26/2/2020

HONORING SUCCESSFUL WOMEN ENTREPRENEUR

Women development cell of Majlis arts and Science College honored a successful entrepreneur in the nearby area. Mrs. Nallamma Is a lady from *Kumbaran* community, who is successful in the business of clay pot and models. Her family members are doing this business for decades, but not making any profit out of it. Mrs. Nallamma Developed a new business model for this business. She used the possibilities of Social media and online marketing for the business of Clay pots. WDC identified her as a good role model who empowered her own skills and advocate sujatha varma honored her on march 08th 2021 Womens day observations

PIPE COMPOST TRAINING TO KUDUMBASREE UNIT

. Pipe composting is a type of Vermi composting often called wormtube composting carried out within a PVC tube. It reduces the use of chemical fertilizer and retains soil moisture and suppresses plant disease and pests. PG department of microbiology and WDC initiated undertaking towards successful waste management training to Kudumbasree unit of Edayoor panchayath.

Pipe Compost Training to Kudumbasree Unit

PAPER SEED PEN MAKING

On 13/11/2018 WDC conducted a training class on paper seed pen making and a motivation class on value of plastic free campus by Mr. Javed. WDC contributed paper pen for one day national seminar organized by Indian colleges forum Kerala chapter at Sense Hall, University of Calicut. The product was distributed to children in the adopted village.

Paper seed pen workshop

“FOR THE PEOPLE”

EDUACTIONAL & SOCIAL SUPPORT

ANTI-DRUG CAMPAIGN

Majlis NSS leads an Anti-Drug campaign to raise awareness about the major challenge that illicit drugs represent to society as a whole, and especially to the young. The goal of the campaign is to mobilize support and inspire people to act against drug use. The campaign was organized in association with *Vimukti* and Kerala Excise department. On behalf of the *Ullarinju 2.0*, the programme was conducted as online mode through Google meet on 24th May 2021. Mr. Ganeshan K, Kerala Excise department and resource person of Vimukti led the class. College principal Dr. Muhammadali inaugurated the programme. Academic director Dr. Safer Athekkan and Programme officers spoke

Webinar Snaps

ANTI - DRUG CAMPAIGN-2017

On 29th March 2017 the College NSS Units and Drug Eradication Commune jointly organized an Anti- Drug Campaign in the message *Anti-Drug Campus*. The project was established with the cooperation of College management, Police and excise department. The state General secretary of Drug Eradication Commune Mr. O.K Kunjikkomu master inaugurated the programme. College Principal Dr. Abdurahiman presided over and Sub Inspector Sri.Devasya led the awareness class. Program Officer Mr. Muhammed Iqbal presided over, Mr.P Musthafa delivered Welcome Speech and NSS Volunteer Secretary Mr. Femil delivered Vote of Thanks.

Camp Inauguration

ANTI-TOBACCO WEBINAR

The team NSS, Majlis Arts and Science college organized an Anti-Tobacco webinar on 28th May 2021 on behalf of No-Tobacco Day. The programme was conducted with the guidelines of Vimukti and Nasha Mukta Bharat Abhiyan. Dr. K.K Shihab, Consultant Psychiatrist, Government hospital Vadakara led the class. “Nicotine contained in tobacco is highly addictive and tobacco use is a major risk factor for cardiovascular and respiratory diseases. Every year, more than 8 million people die from tobacco use. Tobacco can also be deadly for non-smokers. Second-hand smoke exposure has also been implicated in adverse health outcomes, causing 1.2 million deaths annually. Nearly half of all children breathe air polluted by tobacco smoke and 65000 children die each year due to illnesses related to second-hand smoke. Smoking while pregnant can lead to several life-long health- conditions for babies.” - He said. College principal Dr. Muhammadali inaugurated the webinar.

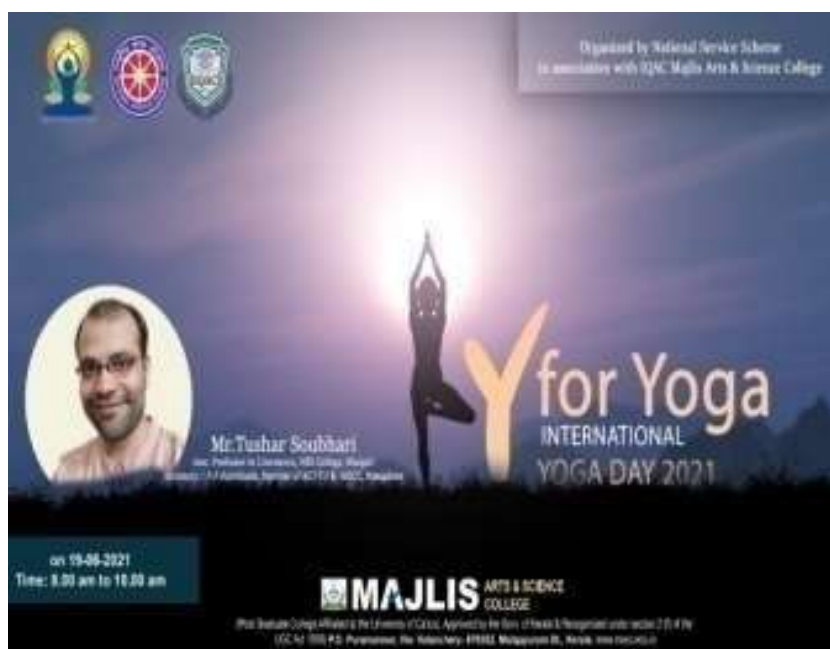

COMMIT TO QUIT- NO-Tobacco Observation

To impart the necessity of Quitting smoking among the people, the team NSS observed No-Tobacco Day on 31st May 2021 by the guidelines of Vimukti and Nasha Mukth Bharat. Quitting smoking is one of the most important actions people who smoke can take to reduce their risk for respiratory diseases. Assistant Sub Inspector of Police Department Sri. Philip Mampad led the class. College Principal Dr. Muhammadali inaugurated the programme. College academic director Dr.Safeer Athekkadan felicitated. Programme officers Mr.Sameerali and Sunesh Parayil spoke. The volunteers interacted with Sri. Philip Mampad and he shared his best experiences with them.

Y FOR YOGA

Majlis NSS and IQAC jointly observed International Yoga Day on 19th June 2021 with an online yoga practice. A well-known yoga trainer and Assistant professor of Commerce in Manjeri NSS College Mr. Tushar Soubhari led the training session. All the volunteers, students from other departments, teaching and non-teaching staff participated in the programme. The training programme was in virtual mode, all the participants trained yoga from their own houses. “Practicing yoga will help the people to foster harmony in the body, mind, and environment. Yoga professes a complete system of physical, mental, social, and spiritual development.” - Mr. Tushar Soubhari said. College principal Dr. Muhammadali, Director Dr. Safeer Athekkadan, IQAC Coordinator Mr. Rafeeq, HODs of different departments and Programme officers felicitated. After the programme, the students shared their new experience. Programme Officer Mr. Sunesh Parayil delivered the vote of thanks.

WORLD DAY AGAINST CHILD LABOUR

Child labour can result in extreme bodily and mental harm, and even death. It can lead to slavery and sexual or economic exploitation. And in nearly every case, it cuts children off from schooling and health care, restricting their fundamental rights and threatening their futures. Majlis NSS observed World Day against Child labour 12th July 2021 as a part of *Ullarinju 2.0* programme on the topic „Stop earning, start learning“. An orientation programme conducted on behalf of the day observation. Dr. SK Says, entrepreneur and social media influencer led the orientation programme. Programme Officers Mr.Sunesh Parayil and Mr. Sameerali E.K spoke

Operation Wipe Out - School cleaning

The government has announced that offline classes will reopen by November 1. A major challenge before the schools, department and local bodies is to make classrooms and school premises clean and safe to use, at least two weeks ahead of reopening. At this time Majlis NSS decided to help the school to clean class rooms and premises. 89 volunteers got ready to clean up TRK UP School, Vengad on 26th October 2021 by the guidelines of Swachh Bharat Abhiyan

Cleaning at TRK UP School, Vengad

Cleaning at TRK UP School, Vengad

E-SHRAM CARD REGISTRATION

E-Shram, a central government initiative data accumulation and identity instrument that will help the people for the government plan, construct, and disperse schemes and benefits across multiple sectors. As a part of the Seven-day camp, the NSS volunteers organized a help desk for the public to give awareness and to register their name in the portal. They prepared a registration help desk in TRKUP School on December 27th, 28th and 29th 2021. And on 30 th December at Janathappadi, Edayur Panchayat. They could complete 150 E-Shram card registrations within these four days. 18 volunteers directly participated in the registration.

Registration camp

TRAFFIC SIGNAL BOARD CLEANING

The volunteers cleaned the traffic sign boards in Vengad - Valanchery road on behalf of *Ranthal* Seven Day camp on 27th December 2021. Traffic signs provide the necessary information and warn of potential dangers. They are an important part of keeping drivers and pedestrians safe on the road. When traffic signs aren't shown properly, they can actually cause more traffic accidents instead of preventing them. Most of the sign board markings had faded and most were completely hidden in wild growth in this road. A team of 14 volunteers led the cleaning process.

TRAFFIC AWARENESS AND SIGN BOARD CLEANING-2019

The NSS volunteers conducted a traffic awareness program on 6th March 2020 on behalf of traffic awareness week. Sri. Philip Mampad, Assistant Sub Inspector of Police Traffic Enforcement unit, Malappuram inaugurated the programme. Mr. Noufal, NSS Programme officer, Kidmath College led the awareness class. After the program the volunteers cleaned the traffic sign boards in which some of the board markings had faded and most were completely hidden in wild growth

AYURVEDA DISPENSARY CLEANING

On behalf of Gandhi Jayanti observation, NSS units completed a cleaning task in Government Ayurveda Dispensary, Athippatta on 2nd October 2019 with the guidelines of Swachh Bharat Mission. Gandhi always believed in the proud culture of our country. Ayurveda is one of the gifts which we offered to the world. It is our duty to protect and nourish it. College Principal Dr. P Muhammadali gave instructions to the volunteers for cleaning and planting trees. As part of the programme, the volunteers planted medicinal plants in the courtyard of the dispensary.

CLEANING AT ANGANWADI

The team NSS cleaned Athippatta Anganwadi on 2nd October 2019 on behalf of Gandhi Jayanti celebration under the guidelines of Swachh Bharat Mission. Parents and teachers of the anganwadi were present in the programme. Volunteers cleaned the bushes around the anganwadi and planted plants and trees around it. Also they prepared a flower garden in front of the anganwadi. Apart from this, they repainted the walls and cleaned kitchen too. College principal offered a to setup a kids library for anganwadi as a sramdan of college NSS Units.

LIBRARY BOOKS DONATION

NSS Volunteers contributed books to the library of Athipata Anganwadi on 5th October 2019 as offered by college principal after cleaning its premises as part of Swachhata mission. Volunteers were requested to bring children's nursery books. 200 Nursery books collected as part of Koode Project of National Service Scheme. All books were suitable for the age group three to Five such as colouring books, alphabets books, image books and other learning books. All NSS volunteers donated and became a part of library creation in the Anganwadi. College Principal Dr. P Mohamedali donated the books to Asha Worker. Ward member Musthafa Chitarakath, NSS Programme officers and Parents were present in the function.

Library Book Donation

E-CONTENT DEVELOPMENT TRAINING FOR TEACHERS IN THE NEIGHBORHOOD COLLEGE

To promote the E-learning, Media and Communication department conducted the training workshop sessions for the teachers of Korambayil Ahamed Haji Memorial Unity Women's College, Manjeri. The main aim behind the program was to make them aware of what is E-content, how to be presentable in front of the camera and how to operate camera, Google classroom, Zoom, Webex etc. The whole program helped the teachers how to create and share the google meet link with the students and teachers got an idea about how students can join the meet. The program helped the teachers in learning various online. Total 60 participants attended the programme.

LETTERS

The Department of Languages conducted three-day language enrichment programme “Letters” for primary school students in adopted village ward number 12 on 19/6/19 to 21/6/19. The main objective of the programme was to improve vocabulary of familiar words. It helped the students to boost their basic language skills.

GRAMMER MADE EASY

Learning proper grammar is important because it is the language that makes it possible for us to effectively talk about language. Postgraduate department of English of Majlis Arts and Science College conducted a programme on the topic “Grammar made easy” for school. From the feedback of the students, it was very clear that student understood the basics of English grammar. After the program the participants had an opportunity to clear their doubts over English grammar.

A+ ORIENTED SPECIAL COACHING CLASS FOR PLUS TWO CLASSES

The practice of coaching in the classroom is one of the most effective ways to bring out the best in students, to develop their talents and strengths, to build skills and confidence and to nurture learning. It should go without saying that teachers everywhere can benefit from bringing into their classrooms. Despite the best efforts of teachers, students sometimes need that extra push of encouragement to help them thrive. With the aim of this PG Department of Mathematics organized 4-day coaching class in Mathematics for Higher secondary students at KMUP School Edayoor panchayath.

COACHING CLASS FOR PLUS TWO STUDENTS

ANTI-DOWRY AWARENESS PROGRAMME

An anti-dowry campaign was conducted under the banner of Sociology to create awareness about the harmful effect of dowry usage. An awareness class against dowry practices was given to the native people. Native people as well as the participants were advised inhuman sides of dowry and reminded to protect the dignity of woman. A pledge against dowry practice was taken by the local residents. The campaign includes students rally, poster competition, article writing, wall posters, street stick etc.

Anti –Dowry Awareness programme

ANTI-DRUG AWARENESS PROGRAMME

Drug abuse is harmful at any age, but reducing adolescent drug use is crucial for controlling overall drug use and abuse. People are most susceptible to the allure of illicit drugs during their adolescent years. Young people who refrain from using psychoactive substances until age 21 rarely become users later in life. Moreover, the earlier in life drug use is initiated, the more likely users are to consume progressively more dangerous substance. An Antidrug campaign was conducted under the banner of Department of Sociology to create awareness about the harmful effects of drug usage. On 17/9/2018. An awareness class against drug abuse was given to the native people. Students were advocated to stand against alcohol and drugs by explaining the harmful effects of drug usage.

Anti-Drug Awareness Programme

COVID-19 SUPPORT

EXTENSION ACTIVITIES DURING PANDEMIC

COVID DEFENCE EQUIPMENT DISTRIBUTION

On 21st May 2021, during this covid 19 lockdown period, the Majlis NSS units donated Pulse Oximeters, covid protection equipment like hand sanitizers, PPE Kits and Face masks to our nearby Primary Health Centers with the help of college NSS alumni. Items worth 30,000 rupees were donated to both Edayur Primary Health Centre and Valanchery Family Health Centre. NSS Program Officers Mr.Sunesh Parayil, Mr.Sameerali EK was handed over and Edayur Panchayat President Smt. Haseena and Valanchery Municipal Corporation Vice Chairperson Smt. Ramla Mohammad received the kits.

Covid Defence Equipment Distribution

On 21/5/2021

FACE MASK DISTRIBUTION

Wearing face masks is recommended as part of personal protective equipment and as a public health measure to prevent the spread of coronavirus disease 2019 (COVID-19) pandemic. The NSS volunteers made face masks with their own creative work and it donated to policemen on duty during Covid19 pandemic period. NSS volunteer Shahana Sherin and volunteer secretary Muhammed Junaid handed over the mask at Kalpakancherry Police Station on 29th April 2020.

Face Mask Distribution on 29/4/2021

SAFETY KIT DISTRIBUTION TO SCHOOL

On behalf of Keralappiravi day, on 1st November 2021, Majlis College NSS units distributed Covid-19 safety kits containing sanitizer and masks to various schools on the occasion of reopening schools after the COVID-19 pandemic rehabilitation. The kit was distributed to TRK AUP School, Vengad and KMUP School Edayur.

Smart Kit Distribution on 1/11/2021

TELEVISION DONATION

When the learning process of educational institutions went online due to Covid19 pandemic, Majlis NSS units decided to help the school students who are unable to buy smart phones and television. The team NSS gifted a television to the high school and higher secondary school students from a poor family of Punnanchola in the adopted village on 13th June 2020. The fund for purchasing TV collected from the college staff and other benefactors. Ward Member Sri Musthafa Chittakath, Program Officer Sri Sameerali, volunteer representative Sri.Shahbaz Khan handed over the TV. The local leaders of the ward also were present.

Television Donation on 13/6/2021

COVID-19 HELP DESK

LOCKDOWN FOOD KIT DISTRIBUTION

Majlis NSS planned to implement a project „Food Kit for 100 Families“ for lockdown affected families during Covid 19 pandemic as a part of the *Ullarinj 2.0* program organized by NSS. Every volunteer has to contribute at least a food kit to a needy family near their home and the response was overwhelming. All volunteers donated one or two kits to their nearby needy families. The challenge was an exciting programme that volunteers planned and implemented within a week, they could help so many families in such a short period of time. Totally students donated 115 food kits worth 69,000 Rupees across the district in the month of July

Food Kit Distribution on 12/3/2021 to 14/3/2021

GUIDANCE FOR COVID-19 PREVENTION IN K-12 SCHOOLS

There are several actions and requirements that should be reviewed and put in place to prevent the introduction and spread of COVID-19 in Schools. With the aim of this PG Department of Microbiology organized awareness class for K-12 students in KMUPS school, Edayoor Panchayath on the topic “Hygiene and social distancing”

Awareness class for Covid-19 Prevention

On 18/11/2021

COVID AWARENESS POSTER MAKING CAMPAIGN

Hygiene and social distancing are the most effective ways to stay safe from Corona virus infection. With the help of these tools, we can put check on the spread COVID-19 pandemic to a large extent. During the time of the outbreak of Corona Virus, E-Content Development Centre of Media and Communication Department has made a successful effort for giving an awareness to the society. Which ensure cleanliness and social distancing and precautions against the Corona virus through a Poster making Campaign. Around three hundred posters circulated through Social Medias. Which includes the daily Covid positivity rate, the precautions, about the treatment etc .

Covid-19 posters

COVID VACCINE REGISTRATION CAMP

Vaccines and childhood immunization are vital practices to protecting yourself, your children, and the entire population from contracting dangerous diseases and from preventing outbreaks and pandemics. COVID-19 is a virus that can cause mild to severe respiratory illness, including death. The best preventive measures include getting vaccinated, wearing a mask, staying 6 feet apart, washing hands often and avoiding sick people. Scientists around the world are developing many potential vaccines for COVID-19. Department of Computer science organized vaccination registration camp at ayurvedic hospital in the adopted village of Edayoor Panchayath.

GENERAL AWARENESS WEBINAR ON CORONA VIRUS/COVID-19 TREATMENTS AND CHALLENGES

The novel corona virus disease 2019 presents an important and urgent treat to global health. Timely access to accurate information and public health awareness on prevention method s is one of the feasible interventions in the countries. The aim of this medical webinar was to explore the level of awareness and prevention methods of covid-19 among the people.PG department of microbiology conducted a webinar regarding awareness on covid-19 - treatments and challenges. Principal Dr. Mohamedali sir inaugurated the function. Dr.Sujith S Nair, consultant physician of Moulana hospital shared the morphology and antagonistic properties of Corona virus. The speaker highlighted the risk of pandemic infection in children and old peoples. He shared videos on prevention of infection by personal hygiene. The programme was attended by 120 participants including the peoples from adopted village, Irimbilium Panchayath, post graduate students and faculties from other institutions. The webinar was very informative and well appreciated by the participants.

Brochure

The brochure is a promotional flyer for a Zoom webinar. It features a blue background with a white Zoom logo in the top left corner. A circular inset shows a portrait of Dr. Sujith S Nair. The text on the left side identifies him as the speaker, listing his qualifications (MBBS, DCH, MD(GM)) and his role as a Consultant Physician at Moulana Hospital. On the right side, there is a 'LIVE WEBINAR' badge with a red play button icon, and the date and time: '6th June 2020 Time: 2 - 3 pm'. The main title of the webinar is 'CORONA VIRUS /COVID 19 Treatments & Challenges'. Below the title, it states the webinar is conducted by IMA Ponnithalmanne, Moulana Hospital Ponnithalmanne, in association with the R.G. Dept. of Microbiology, Majlis College Puramannur. The organizing department is the Department of Marketing at Moulana Hospital. Contact information for the Department of Marketing is provided, including a phone number (7788848827) and a Zoom meeting ID (9191549475526776102). The Moulana Hospital logo and name are also present at the bottom left.

HAND SANITIZER PREPARATION

Hand sanitizer is a liquid, gel or foam generally used to kill many viruses, bacteria and other microorganisms on the hand. People may incorrectly wipe off hand sanitizer before it has dried, and some are less effective because their alcohol concentrations are too low. Considering the pandemic situation due to Corona virus Department of chemistry decided to prepare sanitizer for the society. As a part of the department scheme CHEMISTRY FOR SOCIETY, the students of the department gave training to the villagers (Ayalkoottam of ward no. 7 of Edayur panchayath) on Sanitizer making. They also provided the details of the ingredients and also the availability of them. The students also monitored the sanitizer making by the Ayalkoottam members

Hand sanitizer distribution on 31/3/2021

MAJLIS VACCINATION DRIVE

On 29th September 2021, Majlis NSS organized a mass vaccination drive in the adopted village at Primary Health Centre, Irimbiliyam in collaboration with Kuttipuram Block Panchayat and Irimbiliyam Grama Panchayat for students, teachers, parents and local people. The vaccination drive was very useful for students who are preparing for public examinations, parents, teachers, non-teachers, and local people of the adopted village, who have not yet received the covid vaccine or have been vaccinated first doze for 84 days.

Vaccination drive on 29/9/2021

COVID IMPACT SURVEY

NSS Volunteers organized a Covid Impact Survey in 6th and 7th wards of the adopted village, Edayur panchayat on 24th September 2021 on behalf of NSS Day. The volunteers collected data on Covid disease statistics of the family, Covid vaccination status, Covid cases after vaccination, type of vaccine, reporting of cases to the authority, help of the authority at the time of Covid positive and the lockdown period etc. The collected data forwarded to the panchayat authorities. All the volunteers participated in the survey while the volunteers divided into different teams and turned into different villages to collect the data

Covid impact Survey On 24/9/2021

ABHAYAM –HOME FOR HOMELESS

ABHAYAM- HOUSE CONSTRUCTION

In the "**Abhayam Home for Homeless**" housing project as the NSS Flagship program announced in connection with Calicut University Golden Jubilee celebrations, our NSS units - 97&172 are jointly building a house of 825 Sq ft. for a economically backward family of a physically and mentally unhealthy person. Though we proposed this programme during the difficult times of covid 19 and its resultant lockdown, volunteers welcomed this project wholeheartedly with full of eagerness and pleasure.

Volunteers are doing all possible construction activities, helping professional workers, raised necessary funds, and organised a variety of fund collection drives, such as coupon collection, Bucket collections, Class collection, etc. The NSS team started its work by forming a housing construction committee consisting of natives and finding the necessary materials for the construction of the house from the well-wishers of the college through sponsorships.

When volunteers saw the poor family, consisting of a mother, three sons- all physically weak, and their families living in a hut like home, they realized how blessed they were. This heartbreaking experience helped them to move forward with the project. We have a home to live in, but there are too many people around us who don't have a home, extremely poor people who have no shelter of their own, to live safely in the hot sun, severe cold, and heavy rains! Even animals or birds around us need a nest to stay. Such heart-pounding experiences drove them forward. They have successfully overcome each crisis.

FINDING THE BENEFICIARY FOR “ABHAYAM”

In the NSS ABHAYAM Project, Calicut University has called upon us to provide houses for people who own at least 3 cents of land. We consulted with the Ward Member to find the apt beneficiary for the program. It was his suggestion and later when the Principal, Management Committee members and Programme officers visited the house of the proposed beneficiary, we found that he is the apt person in the surrounding area.

Home for Homeless

FOUNDATION STONE LAYING CEREMONY

The foundation stone of the first Abhayam house was laid by **Prof. Abid Hussain Thangal**, MLA, Kottakkal Constituency. The programme was organised by following strict Covid 19 Protocols and due to the limited number of participations, Only Student Secretaries of Both units participated along with College management committee members, Principal, Academic Director and Members of Local Construction committee.

FUND COLLECTION DRIVES

Mass fund collection drives are the main source for abhayam home construction along with Coupon collection. We requested all the class representatives to contribute to the programme under *Palathulli Peruvellam*. Almost all classes contributed to the programme with a handsome amount.

Fund contribution from each Department

Palathulli Peruvellam - Bucket collection drive

NSS Volunteers organized a massive bucket collection drive in Valanchery town and nearby cities on 4/3/2021. Even in the difficulties of Covid and Lockdown, Students, Volunteers, parents and well-wishers are contributing generously to this programme.

Fund Collection on 4/3/2021

Palathulli Peruvellam - Coupen collection drive

NSS Volunteers organized a massive bucket collection drive in Valanchery town and nearby cities on 4/3/2021. Even in the difficulties of Covid and Lockdown, Students, Volunteers, parents and well-wishers are contributing generously to this programme

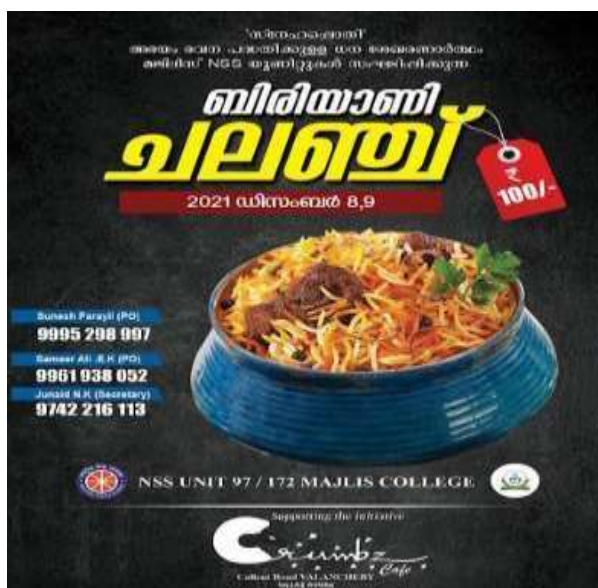

Coupon Collection

BIRIYANI CHALLENGE

Team NSS organized a mass Biryani challenge to find support for the completion of Abhayam house construction works. The volunteers collected orders from college students, staffs and the supporters from other institutions like Majlis college, Polytechnic , Majlis Higher secondary school and from some shops in Valanchery. 3000 Biryani orders were collected from different cohorts. The distribution of Biryani was on 8/12/2021 to 9/12/2021. As a result of the programme, the team NSS could collect 1.5 lakh Rs for the Abhayam Project.

Biryani challenge- For Abhayam fund

FUND COLLECTION FOR DIFFERENTLY ABLED ASSOCIATION

Our NSS units are always a hand of help for Poor and needy people. Peoples and associations from various places used to request for financial and other helps from our students through NSS. NSS volunteers collected relief funds for *Vibhinna vaibhava Vikasana Vedhi* (V4) an association for differently abled from Perumpilavu, Malappuram Kerala. Students gave messages to every classroom and a handsome amount of Relief fund, Rupees 8,560 collected from all classes on 5th and 8th of March 2019.

SPARSHAM

THE TOUCH OF HOPE AND CARE

PALLIATIVE CARE ACTIVITIES

MAJLIS ARTS AND SCIENCE COLLEGE, PURAMANNUR

SPARSHAM

Sparsham is a unique programme of Majlis Arts and science college NSS units, where we join our hands with the Department of Health, Secondary palliative and geriatric care Department. CHC Puzhakkattiri

As we know, Palliative patients are the ones who are supposed to suffer throughout their life. Palliative care is a crucial part of integrated, people-centred health services. Relieving serious health-related suffering, be it physical, psychological, social, or spiritual, is a global ethical responsibility. Thus, whether the cause of suffering is cardiovascular disease, cancer, major organ failure, drug-resistant tuberculosis, severe burns, end-stage chronic illness, acute trauma, extreme birth prematurity or extreme frailty of old age, palliative care may be needed and has to be available at all levels of care.

It is estimated that globally only 14% of patients who need palliative care receive it; to achieve Sustainable Development Goal 3, working towards universal health coverage, we have to strengthen palliative care services. WHO works with countries to include palliative care as a key part of their health systems. To improve equitable access to palliative care services, emphasis is given to a Primary Health Care approach. Assessment tools have been developed to measure progress made. Strong partnerships are in place to develop and implement technical guidance, to strengthen capacity and to disseminate information.

Palliative system is strong enough in our District. But as the Secondary palliative and geriatric care Department is a government initiative, they are having many difficulties finding additional support. Here is the role of the Sparsham Programme of Our NSS units. The major aim of the programme is to make Palliative patients economically Self-sufficient thus to make them proud of themselves.

WHEEL CHAIR DONATION

SNEHAPUTHAPP- BLANKET DONATION

As the winter chill turns harsh with each passing day, Majlis NSS is spreading warmth among the less privileged people of the society by carrying on the blanket distribution drive. The purpose of distributing blankets to the needy spreads the message of sympathy, love and sacrifices to the society. The NSS volunteers had helped 35 poor people survive the cold through the blanket distribution programmes in Perinthalmanna, Angadippuram, Kuttippuram and Valanchery cities 17th and 18th December 2021. 55 volunteers became a part of the programme and more than 100 students contributed their part to the donation drive.

Snehasparsham- continues support for palliative patients

The programme was started as an output of 2019 December Seven day camp-Thanal, where CHC Puzhakkattiri led a session of palliative and role of NSS in palliative. The Distribution of foodkits and home rentals started on the Palliative day of 2021 January 15. Janab Saleem Kuruvambalam, former member of Malappuram District Panchayath inaugurated the programme officially by handing over food kit and rental amount to Mrs. Drishya of CHC Puzhakkattiri.

Jb saleem Kuruvambalam Handing over the food Kit and Rental amount to Ms. Drishya of CHC Puzhakkattiri

HELPING HAND FOR NEEDY, FUND COLLECTION.

Our NSS units are always a hand of help for Poor and needy people. Peoples and associations from various places used to request for financial and other helps from our students through NSS. Volunteers collected relief funds on 12th march 2019 for a destitute cancer patient who came to college to request help. Volunteers collected funds from college students and handed them over to the patient

Fund Collection Drive on 12/3/2019

PALLIATIVE FUND COLLECTION

The first collection of the year was organized by the NSS unit on 16th February 2021 for a student with blood cancer in Wayanad Sultan Bathery suffering from blood cancer, with the help of college students and teachers. 6430/- (Six thousand four hundred and thirty rupees) were collected and handed over to the beneficiary.

Fund Donation On 16/2/2021

PALLIATIVE HOME CARE TRAINING

Majlis NSS units and Secondary Palliative Geriatric care department, Puzhakkattiri jointly conducted International Day for Older Persons on 07th October 2021 in college auditorium. As a part of the programme, the NSS units inaugurated home care programmes for palliative patients. College Principal Dr.P.Muhammadali inaugurated the function. Program Officer Mr.Sameerali delivered a welcome speech. The District coordinator of National Health Mission Mr.Faizal Edakkara, trained the volunteers College director Dr.Safeer Athekkadan, Mrs. Drisya.M, staff nurse, secondary palliative care, CHC Puzhakkattiri, Mrs.Neethu.M, physiotherapist, CHC Puzhakkattiri, Mrs. Leela.K, Asha worker, FHC Moorkkanad, Mrs.Kanchana.P, staff nurse, FHC Moorkkanad were felicitated. Programme officer Mr.Sunesh, Parayil delivered a vote of thanks.

Palliative home care training on 7/10/2021

KAITHANGU- SUPPORTING HAND FOR THE NEEDY

The *Kaithngu* (Helping Hand) is a programme designed to help needy students of our college and their family members and others who suffer from sudden health issues and Economic crisis. Here, the team NSS helps students and their parents both financially and socially due to health emergencies. When a destitute approached for financial support for his/her medical emergencies, we used to organize a bucket collection within the campus and it is easy to collect a handsome amount from the college where more than 2,000 students are studying.

The programme was started in the beginning days of Covid 19 issues, when a PG student of the campus, who earns for his family with his Auto Rickshaw, approached to help him for his mother's Dialysis. He requested financial help for the dialysis of a single month. After proper verification through his department, college NSS, SIP and Master's forum jointly conducted a fund collection drive through online platforms on 13th May 2020. Even though it was a difficult time, where the country started facing a financial crisis due to Covid 19 lockdown, each and every one whom we approached helped us generously and parents, Teachers, Alumni and political organizations in the campus contributed to this.

We were able to give him financial help for his mother's 18 months Dialysis. Former District panchayath president Mr. AP Unnikrishnan handed over the amount to him

Fund Handover ceremony on 20/10/2020

MAJLIS ARTS AND SCIENCE COLLEGE, PURAMANNUR

PALLIATIVE FUND COLLECTION

The SIP unit and team NSS jointly conducted a mass fund collection for the parent of alumni of our college who is suffering from lung disease. He was admitted in Calicut Medical College for the past two months. The fund collection inauguration started on 23rd July 2020 by college principal Dr.P.Muhammedali. An amount of 14,000 (Fourteen thousand rupees) collected and handed over to the beneficiary. 88 students actively participated for the collection task.

Fund Donation On 23/7/2021

Fund collection drive

A HELPING HAND TO THE NEEDY

Giving an animal is like giving someone a small business, providing egg, wool, milk and more. With the aim of this NSS volunteers of the college donated a little lamb to a poor widow in the adopted village as a livelihood. It will definitely support the lives of the families in need

Little Lamb Giving Out on 29/12/2017

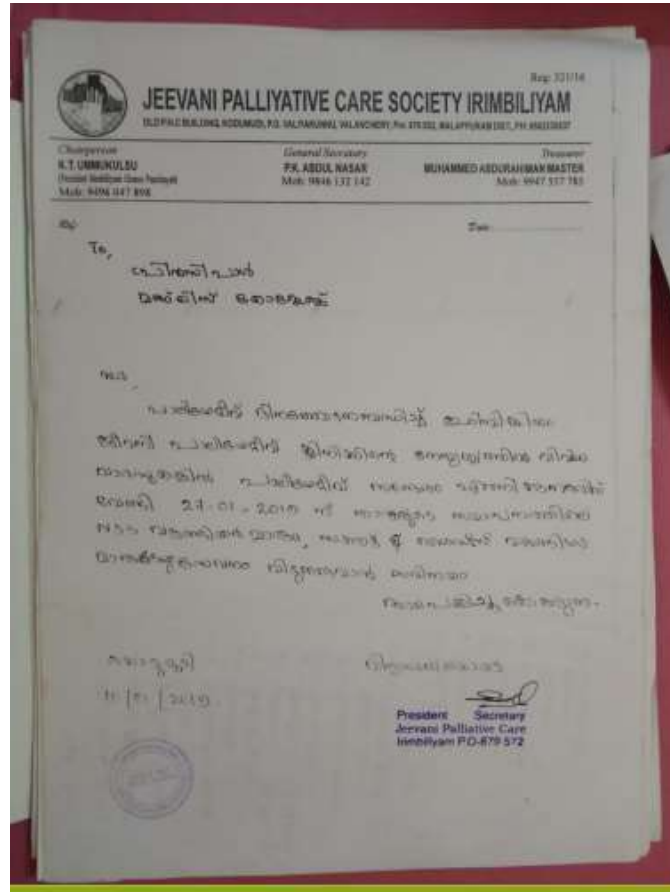

HELPING HAND FOR NEEDY, FUND COLLECTION

PALLIATIVE FUND COLLECTION

The NSS volunteers conducted a fund collection drive for a liver patient in Kattuppara, Pulamanthole panchayath for his liver plantation on 15th February 2019. The volunteers collected 7894 (seven thousand eight hundred and ninety-four rupees) and handed it over to the treatment committee.

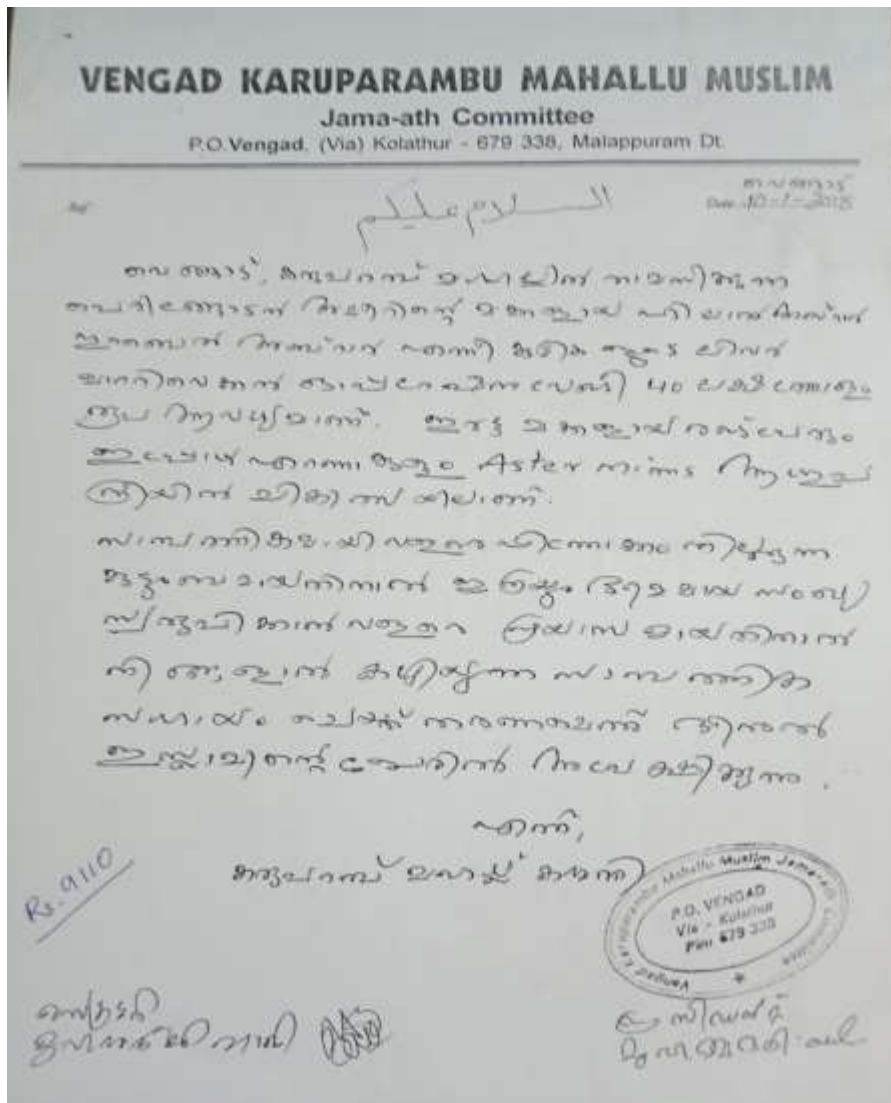

Report of fund collection on 15/2/2019

FUND COLLECTION FOR TREATMENT

The NSS volunteers conducted a fund collection drive on 10th January 2018 for the twin brothers in Vengad village who are in treatment for liver plantation in Aster Mims hospital, Ernakulam. 9110 (Nine thousand one hundred and ten rupees) collected and handed over to the treatment committee.

Request letter for fund collection

PALLIATIVE ORIENTATION PROGRAM-2018

Majlis arts and science college National service scheme units organized a palliative orientation programme associating with the jeevani palliative care society Irimbiliam, valanchery. The programme highlighted the role of a student in palliative care. The resource person asked volunteers to find at least one palliative patient in their neighborhood and requested to visit them atleast once in a week. After successful completion of the class, many students started to look after their neighbors and their conditions. Many of them helped them both financially and by being a companion for bed ridden patients those who are not having one to listen to. College principal inaugurated the programme and Resource persons from Jeevani palliative care interacted with the volunteers.

PALLIATIVE FUND COLLECTION -2018

NSS Volunteers collected funds for a liver patient in Amayur village, Pattambi on 29th February 2018. The volunteers collected 4761.50 (Four thousand seven hundred sixty-one rupees and fifty paise) and handed it over to the treatment committee. Volunteer secretaries led the collection.

PALLIATIVE DONATION 2017-2018

STUDENTS INITIATIVE IN PALLIATIVE (SIP)-2016

To reach the helping hands of the student volunteers to the right heirs of the society, the college launched students Initiative in Palliative On 21st December 2016. The programme was held at the smart class room. The official launching of the team was done by Mr.Nikhil, HOD of Management.

Fund Collection 21/12/2016

PALLIATIVE FUND COLLECTION

Crowd funding is the way that NSS accepts to raise funds for medical treatment when a person approaches for their medical expenses. Medical treatments to treat life threatening diseases like cancer or organ failure, the Majlis NSS accumulate funds from the students and staff. This time the volunteers collected funds for a liver patient in Koliyadukkam village in Kasargod district on 10th August 2016. The volunteers accumulated 5376 (five thousand three hundred and seventy-six rupees) and handed it over to the treatment committee.

Dear Dr. R. Vipina,

We are here with sending three freeze-dried ampoules of your following culture sent for deposit in MTCC under Budapest Treaty,

Taxonomic Designation	Identifications Reference	MTCC Number Assigned	Date of accession
<i>Penicillium citrinum</i>	MAJF-19	MTCC 25451	26.04.2021

Examine the viability and characters of the culture from one of the ampoules and inform us whether the culture is viable and identical in all aspects to the original culture deposited by you or not. Please fill the enclosed IDENTITY CHECK BY DEPOSITOR form and return it to us in 30 days. **Remaining two ampoules are for safe storage at your end.** Official communication related to acceptance of the culture in MTCC shall be sent to you after receiving duly completed Identity Check by Depositor form.

If we do not receive the duly filled IDENTITY CHECK BY DEPOSITOR form in 30 days, it is assumed that the culture is identical in all aspects to the original culture deposited by you.

Please acknowledge the receipt of the ampoules.

Sincerely yours,

(K. Suresh)

MAJLIS ARTS AND SCIENCE COLLEGE

(Post Graduate College Affiliated to the University of Calicut,
Approved by the Govt. of Kerala & Recognized under section 2 (f) of the
UGC Act 1956) P.O. Puramannur, Vija-Valanchery- 678552, Malappuram Dt., Kerala.

In association with mgncre One District One Product Coconut Product Exhibition

A Coconut and Spices mixed hot drink mix developed by three students from the department of Microbiology of Majlis Arts and Science College, Puramannur as part of Make in India Initiative and Athma Nirbhar Bharath of Government of India. This product is sold as both as sachets and Bottle. There are two varieties of this product. Coconut is the major ingredient of this Chal with four flavours namely ginger, clove, cardamom and mint. The second variety also includes 10% of Tea dust along with dried coconut powder, ginger clove and cardamom. The product is having health benefits as coconut is highly nutritious, a rich anti oxidant and ginger added with coconut helps to treat cough related issues in throat, which is a common problem of covid affected patients.

Strategies

- 1) Health benefits of Coconut is to be highlighted, ie, Anti oxidants in coconut may prevent infection
- 2) Price of Coconut based products should be economical as the raw material is cheaply available throughout the district.
- 3) It should be made available throughout India as coconut is rare in northern parts of the country.
- 4) Coconut based drinks can be made available in Indian railways pantry, railway stations, major bus stations, airports and India based airlines.
- 5) Coconut Product Exhibition can be organised in all regions of India to give promotion to innovative coconut products.

Products

- Coconut oil
- Organic treated Coconut oil
- Coconut Halwa
- Coconut laddu
- Dessicated coconut powder
- Coconut Milk
- Tender coconut juice
- Tender coconut pudding
- Tender coconut ice cream
- Dried Coconut
- Tender Coconut payasam
