In association with mgncre One District One Product Coconut Product Exhibition

A Coconut and Spices mixed hot drink mix developed by three students from the department of Microbiology of Majlis Arts and Science College, Puramannur as part of Make in India Initiative and Athma Nirbhar Bharath of Government of India. This product is sold as both as sachets and Bottle. There are two varieties of this product. Coconut is the major ingredient of this Chal with four flavours namely ginger, clove, cardamom and mint. The second variety also includes 10% of Tea dust along with dried coconut powder, ginger clove and cardamom. The product is having health benefits as coconut is highly nutritious, a rich anti oxident and ginger added with coconut helps to treat cough related issues in throat, which is a common problem of covid affected patients.

Strategies

- 1) Health benefits of Coconut is to be highlighted, ie, Anti oxidants in coconut may prevent infection
- 2) Price of Coconut based products should be economical as the raw material is cheaply available throughout the district.
- 3) It should be made available throughout India as coconut is rare in northern parts of the country.
- 4) Coconut based drinks can be made available in Indian railway pantry, railway stations, major bus stations, airports and India based airlines.
- 5) Coconut Product Exhibition can be organised in all regions of India to give promotion to innovative coconut products.

To
**The Manager

Puramannur**

Dear Sir,

Sub: PARAMARSH scheme of UGC-Mentoring of Non-accredited institutions-reg.

The quality of education imparted to the next generation is the greatest challenge of every higher education institution. University Grants Commission in its meeting held on 24th May 2018 approved the objectives set for improving quality of higher education institutions whereby it is expected that all the higher education institutions shall get NAAC accreditation by the year 2022. In order to achieve this objective UGC has implemented a scheme 'PARAMARSH' in 2019 to mentor non accredited institutions so that they get accredited by 2022. Mentoring will facilitate the faculty and staff for proper processes, documentation and presentation. It will provide sharing of knowledge and opportunities for research collaborations.

MES Keveeyam College Valanchery has been selected as one of the 16 Mentor institutions in Kerala under PARAMARSH scheme by UGC and financial assistance has been granted for conducting various activities under the scheme. I am happy to inform you that **Majlis Arts and Science College Puramannur** has been selected by us as one of our mentee institutions based on the MoU signed with us.

As the NAAC accreditation is mandatory by 2022, you can use this opportunity to achieve the goal through the mentoring from our side. The support includes financial assistance for organizing workshops, faculty development programmes, invited lectures, etc. which will help to enhance the quality of education at your institution.

I request you the wholehearted cooperation in this endeavor for enhancing the quality of your institution and thereby getting accredited as per the mandate of UGC.

Yours Faithfully
